AMERICAN LABOR WILL GIVE CANDIDATES OF BOTH PARTIES THE ACID TEST

Washington, March 29.—Return of President Compters of the American federation of labor early in April will mark the opening of an intensified campaign to elect pro-labor candidates to public office according Secretary Frank Morrison of the federation today.

The purpose of the campaign is to carry through congress the reconstruction program of labor. It does not embrace the formation of a separate labor party, Morrison declared emphatically. It involves application of the acid test to all candidates in whichever party they may be running to assure support of labor programs.

The federation program includes: Advancement of trade union movement.

Elimination of unemployment by keeping up the standard of wages thereby giving each individual increased purchasing power to the end that there may be increased production.

The eight hour day.

The enactment of legislation excluding immigration for a period of at least two years.

Development of state colleges and Universities and education, and Americanization of thousands of illiterates

whose existence has been disclosed by operation of the draft law.

Elimination of employees liability insurance companies operated for profit as well as the wiving out of private employment agencies.

A fight against militarism including plans for the reform of the national guard system in order that the guardsmen cannot be used to suppress strikes.

Government construction of model homes with establishment of a system whereby the workers may borrow money at a low rate of interest to build or buy his own home.

Federal licensing and control of corporations doing business for profit.

Wiping out restrictions on the freedom of speech and of the press.

Discussing the railroads, the program says that public or semi-public utilities should be owned, operated or regulated by the government in the interest of the public.

Government ownership of all wharves and docks is declared for as is the "encouragement and development of the American merchant marine under government control."

A curb on the power of the courts to declare legislation unconstitutional also is sought.

GREATEST CROWD IN NATION'S HISTORY WELCOMES WAR HEROES

Twenty-seventh division passing through Victory arch on Fifth avenue during parade. Picture gives some idea of the record-breaking crowd which honored the New York heroes.

The greatest crowd in the nation's history turned out to honor the Twenty-seventh division at New York recently. The parade

was delayed over an hour en route by the crowds breaking through police and soldier lines to get better glimpses of the heroes. A Victory arch was erected on Fifth

avenue as a tribute to the soldiers and the veterans marched through this. National, state, city and military officials reviewed the parade.

DANGEROUS ALIENS TO BE DEPORTED OTHERS RELEASED

Washington, March 29.—Attorney-General Palmer, disclosing today that about 4,000 enemy aliens were interned during the war, said parols would be granted to about 600 of the harmless class, others would be repatriated and 900 dangerous persons would be held indefinitely, including about 200 professed members of the I. W. W. or anarchistic organizations, whose cases would be referred to the Department of Labor with a view to deportation.

Nearly all of the 4,000 interned are men, and half of them are merchant seamen whose ships sought refuge in American ports. About 1,800 of the seamen and 500 other Germans regarded as dangerous have made application for repatriation, and the Department of Justice expects that arrangements will be made soon through the State Department for sending them back to Germany.

"The Department of Justice," said Palmer, "recently directed the release on parole of about 600 persons belonging to the more harmless class of alien enemies. This group consists chiefly of persons who were interned because of repeated violation of parole or other regulations, and are now no longer regarded as a menace to the public safety."

"When these men have been paroled and the repatriation plan above referred to is carried out, there will remain approximately 900 dangerous alien enemies, and it is not expected that any substantial number of these will be released in the near future."

"About 200 of this number are professed members of the I. W. W. or anarchistic organizations, and their cases will be referred to the Secretary of Labor with a view to securing their deportation. If, in his opinion, the evidence warrants such action."

"The residue of these 900 dangerous alien enemies contains a large number of convicted criminals, spies and enemy agents who, in the view of the Attorney-General ought not to be permitted under any circumstances to remain in this country after the declaration of peace."

GERMANS SENDING FRESH TROOPS TO CITY OF DANZIG

Paris, March 29.—The Paris correspondent of the Mail reported today that the French foreign office had received information from the allied Mission and Polish officers in Danzig that the Germans are sending fresh troops to that city, and are mounting guns along the coast.

The Germans are bitterly opposed to the allied plan for awarding Danzig to Poland. If the above dispatch is true they apparently are preparing to hold Danzig by force, or at least prevent Polish troops from landing there.

SENATE FINANCE COMMITTEE VISIT O. S. AND S. O. HOME

A flying visit to the Ohio Soldiers and Sailors Orphans Home, was made Friday afternoon by five members of the Senate financial committee. The senators came over from Dayton by automobile with Dr. Baber, superintendent at the Dayton State Hospital, and they spent an hour and a half at the local institution, returning to Dayton before supper time. They expect to visit Wilberforce University, Monday. In the party were Senators H. W. Davis, Youngstown, chairman; T. M. Norris, Cleveland; Charles S. White, Lisbon; J. N. Stone, Oberlin; George A. Hall of Knoxville.

The Board of Trustees of the Home has asked for an additional appropriation of \$425,000 this year, to make additions and improvements at the institution chiefly for the purpose of taking care of the expected increase in the population of the institution within the coming years, as a result of the world war.

Before the war, it was expected that before many years there would be no soldiers children to be cared for by the state, and consequently no improvements on a large scale were made. Already, orphaned children of the world war have been received at the Home, and officials at the Home realize that within a few years, if additional accommodations are not provided, there will be no room for the children eligible to admission to the institution.

BULGARIAN TROOPS ARE MOBILIZING

Paris, March 29.—Serbian peace delegates were reported today to have received information that Bulgarian troops are mobilizing on the Serbian frontier. Gen. Pechitch, assistant chief of the Serbian General Staff is understood to have left Paris for Belgrade.

FURTHER EFFORT MADE TO EXTEND TRACTION LINE

Another step toward securing extension of the line of the Dayton, Springfield and Xenia Traction Company to a point within the grounds of the Ohio Soldiers' and Sailors' Orphans Home, was made Friday, when Representative W. B. Bryson introduced a bill in the House to permit the traction company to enter the grounds.

As a result of efforts made by the matrons' club at the Home, Superintendent T. J. Ferneding visited the Home, considered the matter, of extending the line within the grounds, and made a favorable report on the matter. Representative Bryson was then asked to introduce a bill to secure the necessary legislative consent to the line being built on the state property. As there will be no expense for the state, no opposition to the bill is expected. The traction line terminates at an inconvenient spot outside the Home grounds.

SLOWS 'EM UP
Atlantic City, N. J., March 29.—Tight skirts have cut down woman's stride so it now takes her 20 minutes to walk a block, board walk cops estimate.

VERSAILLES PALACE GOTTEN IN READINESS FOR PEACE CONGRESS

Paris, March 29.—The French today began preparing the palace at Versailles for the general peace congress, at which the peace terms will be presented to the Germans.

Despite this activity, it was only vaguely announced that peace "might possibly be concluded before Easter"—April 20.

Conferences probably will not be held in the Hall of Mirrors, which is uncomfortable as a meeting place, but it is practically certain the signatures will be affixed there, for historic reasons.

Special telegraph and telephone systems have already been installed in the palace.

FORD TO EMPLOY CRIPPLED SOLDIERS

Hamilton, O., March 29.—After making a personal inspection of his plant and the flood prevention work in the vicinity of Hamilton, Henry Ford, the Detroit manufacturer, left Hamilton yesterday afternoon for Detroit. While in Hamilton Mr. Ford was the guest of Gordon S. Rentschler. He said he was well satisfied with the progress being made on the construction of his tractor plant in this city.

Discussing his plans, Mr. Ford said: "As soon as I return to Detroit, I will issue orders that employment be given at once to 1,000 crippled soldiers. I do not care how badly they are crippled. We will find something for them to do, probably in that department of the Ford plant manufacturing self-starters."

TAKES COW TO FIND NEEDLE IN HAY STACK

Atlantic, Iowa, March 29.—It takes a cow to find a needle in the hay stack.

Joe Herring's cow was sick after dining from a hay stack. She died. A veterinarian found a darned needle in bossy's heart.

Joe vouches for the story himself.

JAMESTOWN MAN IS MADE A MAJOR

Word has just been received from France that Captain J. C. George, brother of R. S. Gerge grain merchant of Jamestown, has been promoted to a major in the Medical Corps of the army.

Dr. George is a native of Greene county, born and raised at Cedarville, and a graduate of Cedarville college. He was connected with the Dayton State Hospital as first assistant superintendent, and for five years conducted a private sanitarium near Dayton.

When this country declared war, Dr. George sold his sanitarium, and immediately enlisted in the service. He sailed from here last June with the 89th division, and was continuously in active service at the front, the 89th division being among the first to get into action.

Dr. George has made a splendid record in the army, and the promotion is justly merited.

HOW TO SET CLOCKS ONE HOUR FASTER

Under the daylight saving law the time throughout the country will be advanced one hour at 2 a. m. to-morrow, March 30. The Western Union Telegraph Company has sent out notices to its subscribers for clocks that the necessary adjustment of the timepieces must be made by hand, the same as other clocks. The adjustment should be made on an even hour by moving the minute hand forward around the dial once. The hand should be moved fairly rapidly to avoid it being out of synchronizing range when the change has been made. Do not attempt to change by moving the hour hand. The change may be effected at your convenience.

GERMANS REFUSE ALLIES REQUEST

Weimar, March 29.—The National Assembly was much interested today in a report that the allies had delivered an ultimatum, requiring Germany to permit Polish troops to land at Danzig.

Copenhagen, March 29.—The German government's reply to the allied request that Polish troops be allowed to land at Danzig, was that the armistice requires that the allies be permitted only freedom in crossing the Vistula.

NINETY RESCUED FROM HOSPITAL

Wheeling, W. Va., March 29.—Ninety patients and nurses were rescued with difficulty early today when fire destroyed the southwest wing of the Wheeling hospital at North Wheeling.

No one was injured by the flames, which did approximately \$15,000 damage.

SERIES OF MEETINGS ARRANGED BY PRINCE

County Agent Prince is arranging for a series of meetings for the week beginning with March 31.

Myron A. Bachtell of the Extension Service of Ohio State University will work with Mr. Prince during the week and speak at the meetings on the Acid Phosphate proposition with particular reference to the corn crop. The meetings are as follows: Monday evening, Beaver Creek; Tuesday evening, Silvercreek at Jamestown; Wednesday evening, Bath township at the Township High School; Thursday evening, Sagarcreek at the Town Hall; Friday evening the County Agent will speak at the Yellow Springs Grange.

A special meeting of Farm Bureau members has been called for Spring Valley Township, Tuesday evening, April 1, at the Township House. The meetings next week will all be held at eight o'clock, new time.

GOOD WAY TO CELEBRATE
Chicago, March 29.—Catherine Smale celebrated her 84th birthday today by singing Annie Laurie into a phonograph.

CADETS OF O. S. & S. O. HOME BID FAREWELL TO MAJOR J. C. WURM

Wonderfully expressive of the regard and high esteem in which Major John C. Wurm is held by the cadets of the O. S. and S. O. Home battalion, was the farewell tendered to him by the officers of the battalion Friday evening.

Superintendent J. P. Elton and fourteen commissioned officers of the battalion were hosts at the affair, and Major Wurm, all unaware of the surprise arranged for him, was invited to the parlors of the administration building at seven thirty. There he found the young officers in dress uniform, awaiting him. The room was decorated in military fashion, with flags draped on the walls, and the guns and sabres of the battalions stacked about.

An hour or so was spent by the company enjoying the music furnished by the cadet orchestra, and in singing songs and playing games and contests. Then the company went to the dining room, where covers were laid for 16 at the large round table, which was also decked in military fashion. Ice cream, cake and punch were served.

Lieutenant Joseph Rohe was toastmaster, and after a short speech, he introduced Captain Robert Fowler, who made an address expressive of the battalion's appreciation of Major Wurm and his work. The feeling of the boys for their military instructor was summed up in the words of Captain Fowler "for honesty, fairness and justice, he could not be excelled."

Captain Fowler concluded his speech by presenting to Major Wurm a gift from the officers, a handsome gold knife set with a diamond, and engraved with his name. Touched by the quick by the demonstration of affection and respect on the part of his youthful officers, Major Wurm was almost overcome by emotion for a few moments, then he pulled himself together, and gave a very nice little speech, in which he thanked the boys for their kindness and good feeling and expressed his heartfelt appreciation for what they had done, and the manner in which they had supported him and helped in his work. He said that his life and work at the Home was a pleasant memory which he would carry throughout the rest of his career.

Following Major Wurm, Captain Marcus A. Beck spoke regarding the appreciation of the Home boys and girls regarding the manner in which Major Wurm has handled the athletics and other sports at the Home.

The entire affair was arranged by the battalion officers and it was all their own gift of appreciation and respect to Major Wurm, who felt most deeply the honor which they had paid him.

Major and Mrs. Wurm were already the recipients of a purse of \$25 from the Home employees, which was intended to purchase some article for their new home in Bellevue. Major Wurm will go into business at Bellevue, and he will leave the Home next Tuesday.

JUST AS EASY
Columbus, March 29.—Charles Shins, restaurant proprietor, admired a pretty customer, she admired his \$300 diamond ring. Charles let her wear it while he filled her order. Girl, ring and admiration disappeared.

HUNGARY IS CENTER GREATEST MILITARY TANGLE IN HISTORY

London, March 29.—The most gigantic military tangle in the history of the world apparently is being staged in and around Hungary.

Dispatches from various sources showed armies of several and mixed nationalities scurrying this way and that, occasionally clashing, but just as frequently passing each other by.

Conflicting reports today indicated the following situation:

Both railway lines between Budapest and Vienna have been cut by allied forces—Italians occupying Pressburg on the northern route, and Czech-Slovak holding Raab, on the southern route.

Russian Bolsheviks are sweeping westward across eastern Galicia overrunning the rich oil lands and threatening invasion of Austria.

Another Rumanian army is marching northward toward Budapest, across the Maros River.

Still another Rumanian army is

driving eastward into Ukraine from central Bessarabia and co-operating with the French along the Dniester river, northwest of Odessa.

A fourth Russian army is retreating southwestward across the Pruth River in the face of the forces of the newly constituted republic of Bessarabia, which has formed an alliance with the Russian bolsheviks.

Bulgarians are mobilizing along the eastern frontier of Serbia.

Polish troops occupying Lemberg, recently captured from the Ukrainians—have gone on strike in sympathy with the Hungarian soviet government.

Ukrainians still hold Przemyśl, which they recently seized from the Poles.

Ukrainian and Bessarabian revolutionary forces are joining for an attack on the allies northwest of Odessa. Revolutionary soldiers have seized Drobyoz, southwest of Lemberg, and established a soviet government.

DETROIT BANK IS ROBBED OF NEAR \$75,000

Detroit, Mich., March 29.—Herdin 14 persons, including several women patrons into the lavatory and the vault of the West Side branch of the Commonwealth State bank here, six unmasked bandits late yesterday afternoon robbed the institution of \$10,000 in cash and unregistered Liberty Bonds which officials say may exceed \$65,000 in value.

Fifty thousand dollars in currency had been removed from the branch to the main office only a few hours before the hold-up, according to J. W. McCausey, president of the bank.

The holdup was one of the most daring in recent years. Two of the men stood guard outside the entrance to the bank while four entered with the man at their head with a sawed-off shot gun.

Charles H. Mooney, cashier, and Paul Mallick, his assistant, were ordered from their cages, and with several patrons, forced to stand with upraised hands while the bank vault was being rifled. The two bank attaches were then ordered into the vault together with four of the patrons and the big steel door closed.

Eight other persons, including several who came in after bandits entered, among them two women, each with a baby in her arms, were ordered one by one into the lavatory.

The bandits then gathered up all the currency in sight and escaped in a big touring car. Their machine was seen to turn west on Fort street, one of the main thoroughfares leading out of the city.

The theory of the police is that they were headed for Toledo, and authorities of towns on the highway between that point and Detroit were immediately notified. It was several minutes after the bandits left before the lavatory and vault were opened and the imprisoned persons released.

XENIA GRANGE HAS PLEASANT AFFAIR

A very pleasant time was spent in the K. of P. Hall Thursday evening when Xenia Grange No. 1788 opened its doors and invited friends to a little entertainment given by the Old Town Literary Society. The program was in charge of the Grange Lecturer, Mrs. W. J. Bootes. Grange songs were sung after which Mr. Ford Prince gave a short talk on smut in oats and the treatment for it, also scab and dry rot in potatoes, and gave formula for treatment. A quartette from the Literary Society gave a splendid reading which delighted the audience. The little play entitled "Fun on the Podock Limited" was then given, and much enjoyed. It furnished some hearty laughs, each character acted their parts well, the program was interspersed with music from the orchestra composed of Messrs. Marion Burrell, Lee Spahr, Miss Ruth Burrell and Mrs. John Swann as pianist. At the close a vote of thanks was extended to the Literary Society for their entertainment. An invitation was given for the farmers to become grangers and help push the important work that is being done by this organization.

CRUISER ST. LOUIS COMES IN THROUGH HEAVY SNOW STORM

New York, March 29.—The cruiser St. Louis fought her way up through the snow storm, to dock at Hoboken late yesterday and 1,500 soldiers aboard lined the rails despite the blinding snow.

The troops were all of the 148th infantry of the 37th division and had been through some of the severest fighting in France.

There were 41 officers and 1,318 men of the 148th infantry, the majority of the men being from Ohio, some detachments having been sent to the regiment as replacements while in France.

Many of the enlisted men were decorated in France with the Croix De Guerre and the Belgian war cross and Major L. S. Connelly, of the First battalion said the losses had been about twelve per cent.

RUMANIANS INFLICT DEFEAT ON BOLSHEVIKI

Berne, March 29.—Rumanian troops inflicted a crushing defeat on Bolshevik forces along the left bank of the Dniester, near Javilaska (Bessarabia) it was announced in an official dispatch from Bucharest today. Near Hiraspel, (60 miles northwest of Odessa) the Rumanians have established contact with the French.

Recent dispatches reported Bessarabia had declared its independence formed an alliance with the Russian Bolsheviks and attacked the Rumanians, driving them across the Pruth river. The above dispatch indicates the Rumanians still hold the entire southern portion of Bessarabia.

FIFTEEN INJURED IN EXPLOSION AND MILLION IS LOST

Aberdeen, Md., March 29.—Fire in the trench war fare range at the government proving grounds was practically extinguished today. Fifteen were injured and \$1,000,000 damage done, by the explosions in the range yesterday.

LOCAL ITEMS

Allen Kestle is visiting friends in Lebanon for the week-end. He went down to attend a party given by high school pupils Friday evening.

GET IT AT DONGES.

Miss Maud Smith will accompany Mrs. Fred Schell and her son, Frederick to California, and expects to start with them Monday evening.

The ditching. If you need a tool that will save you money and do the work see The Martin's ditcher and grader at Hunt's sale, April 3.

adv.8-29

Clarence Horen has been discharged from the service at Camp Taylor, and reached home Friday. The young man was at Camp Taylor for seven months, ever since entering the service. He was a member of an ambulance corps.

Let Spencer move it. adv.4-1

J. T. Charters and his brother, Robert Charters of Cleveland, who is now engaged in some special work at the National Cash Register plant in Dayton, motored to Jackson Center, Ohio, Friday to attend the funeral of their uncle John Moodie. Mr. Moodie was their mother's brother. He was very aged, and had been in ill health for some time. The Messrs. Charters made the trip in one day, returning home last night.

Kids, if you want a pony that you can ride or drive, bring dad to Hunt's sale, April 3.

adv.3-29

Read W. O. Custis classified and about a 50 acre farm, stock, implements, and possession this spring.

Mr. and Mrs. Wm. Mulligan, of Springfield, will spend Sunday with Mr. and Mrs. J. W. Clifford.

The services at First Baptist church, Sunday, will be held on new time, and the congregation is invited to attend evening union meeting with Presbyterian church.

Oliver Pulverizer, like new. Will break the clods when a disc won't touch them. Good farm tools that have had good care, at Hunt's sale, April 3.

adv.3-29

Judge C. H. Kyle arrived home Friday night from Chardon, where he heard, and overruled a motion for a new trial in the case of Charles T. Haas Cleveland attorney charged with arson. He sentenced Haas to the penitentiary. Execution of the sentence was immediately suspended by the Court of Appeals and Haas was released on \$15,000 bond fixed by Judge Kyle.

Services at the Reformed Presbyterian church will be held at 10 a. m. Sunday school and preaching service at 11 Sunday morning. Rev. J. R. McChesney will deliver the sermon.

Mr. and Mrs. Charles Fisher and two children are spending a few days with Mrs. Fisher's parents, Mr. and Mrs. Joseph Bailey of South Collier street, while on their way home to Erie Pa. They have been visiting in New Castle, Ind., for the past month.

Mr. and Mrs. B. C. Donohoe principal of the McKinley Junior High School entertained Miss Clara Martin and Miss Gladys McGellan at a six o'clock dinner in Dayton Friday evening after which they witnessed "Hands Across the Sea" at Keith's.

Private Everett Miller who has been in service for the past 18 months has received his discharge and arrived home Friday afternoon from Payne Field, West Point, Miss., where he has been stationed for almost one year.

Public Auction of household goods, Wednesday, April 2nd at Mason's Livery Barn at 1 p. m. E. J. Eberly.

Services at St. Brigid's church Sunday will be at the usual hours, but according to the new time, the pastor, Rev. J. E. Quinn reminds the parishioners to be careful to set their clocks ahead one hour before retiring tonight. The Masses will be at 7:30 and 9:30 o'clock.

Sergeant Lawrence Swabb returned to Camp Sherman Friday after spending a ten days furlough in this city.

Mrs. Bertha Wentz, of Columbus, is visiting in Xenia with her cousins, Miss Clara Martin, and Mrs. John Bradley.

Jamestown is arranging for a big home coming celebration for returned soldiers of Ross, Jefferson and Silvercreek townships, which will take the form of an ox roast and barbecue, July 4th.

Henry Hussey, who formerly lived in Greene county, died recently of influenza at his home near Indianapolis.

Miss Irma Finley, who has been visiting her parents, Dr. and Mrs. W. H. Finley, started Friday night for Chicago to attend a convention. She will return to Xenia Tuesday and be here for a short time before returning to Atlanta, Ga. where she is secretary of the Y. W. C. A.

WEATHER REPORT

Fair tonight and Sunday, warmer Sunday.

Mr. and Mrs. Charles Evans have rented the first story of the home of Mrs. J. F. Hutchison, on East Second street, and will move there from the Grottenick property at Market and Whiteman streets.

Floyd Allen, who is sales manager for the Greene County Milk Condensing Company, was able to return to his work Friday after having been confined to his home for a week, with the grip.

Miss Elma Oldham, who has been spending the between semester vacation with her parents, Mr. and Mrs. L. E. Oldham, of the New Burlington pike, will return to Dennison University Monday.

Blind-Boone Concert Company will appear at the Xenia Opera House, Wednesday night, April 2nd. Boone is a very intelligent entertainer, and from the President of the United States to the highest state official has had testimonials of esteem. Kunkle's Musical Review, St. Louis, Mo., says: "We advise our patrons wherever he appears to take advantage of the opportunity of hearing him." The company comes to this city from Dayton, where they will fill two engagements—one at the National Cash Register and the other at the Y. M. C. A. Reserved seat sale at Sohn's drug store. Tickets 28c, 39c and 55c, war tax included. adv

An Ohio preacher has just collected the fee on a wedding he performed forty years ago. Some of these days an enterprising parson will corner the business by doing weddings on installment payments, but he may only get the first payments, but he will pull down lots of them.

Supt. J. J. Horn of the work house, is spending a week in St. Mary's visiting his uncle. He will return home next Sunday. Mr. Horn is convalescing from his recent illness of influenza-pneumonia.

Mrs. Robert C. Kohnle entertained at five hundred Wednesday afternoon at her home on Kenwood avenue. Spring blossoms were used with pretty effect in the rooms where eight tables were in play. An attractive luncheon was served. Out-of-town guests included Mrs. Jacob Baldwin, Miss Frances Bigger, Mrs. George Baldwin and Mrs. D. B. Watt, all of Xenia.—Dayton Journal.

C. D. Purdum, who travels in the interest of a Dayton stove concern started Friday morning on a special three weeks' trip to Minneapolis, Duluth, and into Montana. He has been covering a territory in Indiana.

Miss Mamie Burrell is spending the week-end in Columbus, with Mr. L. B. Burrell, her brother.

Mr. and Mrs. H. H. Conklin have returned home after spending the winter in Tampa, Florida.

By a deal completed Friday Mrs. T. O. Mason becomes the owner of the property on East Main street, belonging to the heirs of Mr. and Mrs. Herman Finley. It is understood that the consideration was \$4,500. Mrs. Mason and her children will make their home in the property, and expect to move there next Tuesday. A garage will be built by the new owner and a few minor improvements made in the property.

Emmett Muterspaw, of Miami avenue, employed at the R. A. Kelly machine shop, accidentally caught one hand in machinery at the plant Friday, and the nail was jerked from the thumb. He went to the office of a surgeon who dressed the injury.

COURT NEWS

Mrs. Mary Snorbus, Yellow Springs woman charged with receiving stolen goods, made a demand for a jury trial, through her attorney Marcus Shoup. She will be tried April 19. At the request of Judge J. C. Marshall, a special venire for the Snorbus case, and also for a Conservancy District condemnation suit to be tried in his court, were drawn from the jury wheel Saturday morning. The two venires almost drained the wheel, only one name remaining in it.

The Barrett Company of Cincinnati, has brought suit against W. T. and Carl Drake to recover \$251.30 alleged to be due on an account. J. K. Williamson, attorney.

William Sims has been appointed guardian of Frances Sims, bond \$2,500.

George R. Spahr has been allowed his final discharge by the probate court, as administrator of the estate of Ben E. Strong.

Clay and Cork for Insulation. A new heat insulating material composed of a mixture of a special clay and cork has been discovered by a Norwegian engineer. The clay and cork mixture is burned and the result is the formation of a very light substance that is said to be eminently suitable for all heat insulating purposes.—Indianapolis News.

INTERESTING CASES COMING UP BEFORE COURT OF APPEALS

Two interesting cases from Franklin county will be submitted to the Court of Appeals Monday, when that body convenes here for its spring session.

The cases are those of Mrs. Flora Lowden, and Mrs. Lura K. Dennis against the Pine Tree Club and others of Columbus, in which the plaintiffs are suing to recover large sums said to have been lost by their husbands through gambling at the Pine Tree Club.

Mrs. Lowden is suing for \$35,445.51, and Mrs. Dennis seeks to recover \$6,653. These are not the actual sums alleged to have been lost by their husbands in poker and crap games but the plaintiffs are making a claim to additional amounts to which they aver they are entitled because of the losses.

The cases were dismissed by the Franklin county common pleas court, and the plaintiffs are bringing them to the Court of Appeals on error.

Another foreign case to be heard by the Appellate Court here is from Campaign county. It is entitled Charles H. Wilson against Isaac Temple and concerns the ownership of a wheat crop.

Cases on the local docket for the Appeals Court are: C. L. Darlington vs. the P. C. C. and St. L. Railway Company, Appeal; J. F. Harshman vs. the Board of County Commissioners, Appeal; J. A. Harner vs. The Board of Education of Spring Valley Township, Appeal; Reamy Wilson vs. De-Elta Wilson et al. Error; Annie De-wine vs. Dennis Dewine, Error; P. N. Alston, vs. Asha M. Shaw et al. Appeal; The Miami Conservancy District vs. O. P. Mittman et al. Error; Pack Johnson vs. the State of Ohio, Error; Anna Johnson vs. the State of Ohio, Error.

SOLDIER RETURNS AND WEDS HIS BOYHOOD SWEETHEART

Friends and playmates in childhood, sweethearts since their boy and girl days near Gladstone, Greene county, culmination of the romance of Corporal Millard Frame, son of Mr. and Mrs. John Frame of near Cedarville, and Miss Gladys A. Harper of Cleveland, came with their marriage at Elizot City, a suburb of Baltimore, Md., last Monday.

They are now at the home of Corporal Frame's parents, and next Monday the soldier will go to Camp Sherman to await his discharge from the service, while his bride remains a guest at the Frame home.

The bride is the daughter of Mr. and Mrs. Thomas H. Harper, who until three years ago lived near Gladstone. Then they moved to Cleveland, and a few weeks ago left that city to make their home in Hannibal, Mo. Corporal Frame was sent to the United States as a casual a few weeks ago. He was attached to the One Hundred and Forty-eighth Infantry, being a member of the old Company I of the Third Ohio National Guard Regiment. He was at the front and in two of the largest battles of the war, St. Mihiel and the Argonne. He escaped injury, but suffered broken arches in both feet, and has been in the hospital since October 6. After being invalided to the states, he was sent to the government hospital at Ft. McHenry—near Baltimore.

Going on from Cleveland, his little sweetheart joined him in Baltimore, and friends interested in the pretty romance, arranged for their marriage. Chaplain Wilcox of the hospital where Corporal Frame was a patient, arranged for the ceremony to take place at the magnificent country home of J. Booker Clark. A military setting was given the ceremony, which was performed by Chaplain Wilcox.

TWO XENIANS ARE AMONG NEW ARRIVALS AT HOBOKEN DOCK

Harry Rich and Albert Milburn, of this city, were among arrivals at Hoboken Friday when the St. Louis docked there on its return from France with units of the 148th Infantry, formerly the old Third Ohio National Guard.

These men were originally members of Co. I, Third Ohio, which under the command of Captain D. G. Younkin, of this city, went to the border at the outbreak of the Mexican trouble. The organization was never demobilized for the European trouble had started before it had returned home and it was federalized at Fort Benjamin Harrison, Indianapolis. Later it camped at Richmond, Ind., while recruiting to full strength and was then changed to the 148th Infantry and received training at Camp Sheridan, Alabama.

Since it left here, the old Company I, has been split up considerably, many of its members being transferred to other companies, other regiments, other divisions and other branches of the service, so that only a few remained in the old company when it docked. Millard Frame, of this county, who was a Company I man, arrived in this country as a casual, March 7. Others of the old organization are expected to come back with other units of the 37th Division.

Tight Lacing.

A New York lady while visiting in the West had some experience with a cyclone. While asleep at a friend's, the house was blown down and the lady pinned to the earth by a rafter. It was supposed she was crushed, but when they dug her out she opened her eyes and sleepily murmured: "Jane, I feel a little uncomfortable; unfasten my corsets."

THEATERS

ORPHIUM.

Frank Kennon, famous character player, who made his name with Paramount, is another of the great stars of the screen who has been annexed by the Pathe forces, and he appears in his latest and best production, "The Bells," at the Orphium, Monday.

Everyone knows "The Bells," which has been more talked of by people of the English speaking language than any other stage or screen production, and also knowing Frank Kennon, they will appreciate the wonderful congeniality of his selection for the part of "Mathias." Kennon entered the limelight in 1876, and his popularity has been growing in all these 43 years, until he is considered one of the best character actors on either stage or screen today. You will enjoy the comparison of Kennon on the screen with the late Henry Irving who made the play famous on the stage.

BIJOU.

George Barr McCutcheon is responsible for "The Mystery Girl," the picture in which Ethel Clayton will be shown at the Bijou Monday, for the scenario was taken from his famous work, "Green Fanny."

The picture is another one of the famous and popular imaginative stories of McCutcheon, dealing with the trials and tribulations of the little country of Lurania. The part of "Countess" is delightfully adapted to Miss Clayton, while the balance of the cast, including Henry Woodward, Clarence Burton Charles West, Winter Hall, Mayme Kelso and Park Jones, are up to her standard.

FLORENCE

OIL COOK STOVES

SAVE COAL

The Fuel Administration authorizes us to say that it considers the use of Oil Cook Stoves and Oil Heaters at this time a very important help in the necessary conservation of coal for war purposes.

Quicker Meals with Cheaper Fuel

You can offset the high cost of food with the reduced cost of preparing it on a Florence. It burns kerosene, the cheap and plentiful fuel. Come in and learn how simply and quickly this popular stove works.

No wick to fuss with, no messing, no trouble. You turn the lever, touch a match, and get a clean, hot flame that cooks quickly and heats water in a jiffy. The portable oven bakes quickly and evenly and has a glass door through which you can watch your baking. All Florence products are fully guaranteed.

We'll tell you all about Florence economies in a few minutes when you come in.

"Look for the Lever."

MORTGAGE LOANS PUBLICITY PULLED OFF ON THE QUIET

ON HOMES AND FARMS ARE WANTED BY THE BUCKEYE STATE BUILDING & LOAN CO., RANKIN BLDG., 22 WEST GAY ST., COLUMBUS, OHIO.

1. We have the money.
 2. And desire to loan it on homes in Columbus or farms in Central Ohio
 3. Or on doubles and apartments in Columbus for they are homes.
 4. We allow the lowest interest rate.
 5. And the most liberal terms.
- And are prompt in every thing. We solicit your business.

And now comes evidence in refutation of the statement that the War Savings Stamp airplane has not yet showed up.

While working in the garden at their home on Center street last Friday, Miss Katrina Schweibold found one of the advertising bombs supposed to have been used by the machine in its publicity campaign. The bomb is the only evidence that the machine visited this city at all as it was not seen by anyone.

The bomb picked up at the Schweibold home is nothing more than a small rubber ball, painted red, white and blue and lettered W. S. S. Whether it was one of the looked for "bombs" or not it is now furnishing amusement for little Richard Stiles, small son of Mr. and Mrs. Lester Stiles to whom it was presented by Miss Schweibold.

DON'T FORGET TO SET CLOCK ONE HOUR AHEAD WHEN YOU TURN IN TONIGHT

Washington, March, 29.—Father time with the plowing beard and his hour glass will put on an extra burst of speed early tomorrow morning. He will keep up the pace for approximately six months.

Mr. General Public to keep step has only to follow the simple formula of pushing the hands of the clock one hour forward when he goes to bed tonight and thereby present himself with one hour of daylight.

Mr. G. P. then has only to forget about the violence done to the clock and get up as usual Sunday morning and go to church. He can slip off to his usual game of golf afterward and in golf that extra hour of daylight will come in handy.

Congress didn't pass the daylight saving law for the benefit of golfers alone, however, but for the honest householder who wants to beat the high cost of living by digging and hoeing in his victory garden.

The National War Garden Commission, which fathomed the daylight saving plan, figures about 10,000,000 people will rush from the office and the shop and dig in their gardens, and this, the commission hopes, will help

break all records for food f. o. b. the kitchen.

The law will be in effect for 210 days. Two hundred and ten multiplied by 10,000,000 will give a staggering number of hours to be devoted to food production.

Outside the realm of figures, the extra hour will do a number of things, although its effect will wear off in a couple of days.

Convivial gentlemen planning to get home at 2 a. m. may find themselves sneaking up the front steps as the cuckoo shrieks thrice.

Sleepy individuals whose rest is customarily disturbed by the milkman holding violent converse with his faithful steed in the small hours of the morning can comfortably reflect that the milkman tonight will have to lose an extra hour of sleep or run the chance of being late at the watering trough.

LOCAL SKATER AND PIQUA MAN TO RACE

The matching of Tiny Smith, local roller skate racer, with Roubin Priller of Piqua, will be the final event of the big feature week at the rink.

Every night was feature night at the rink this week and a number of prizes were given away at the special events. Tiny Smith has been practicing up since the rink opened up and if he can recover his old-time form he will give the Piqua lad quite a chase. The latter visited the rink Thursday evening and entertained the crowd at various times with an exhibition of fancy skating.

Manager Ruhlman is planning for another big week next week when there will be amateur racing with a final run-off for the championship on Saturday night.

CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup. Foley Kidney Pills and Foley Cathartic Tablets. Sayre & Hemphill.

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back, headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the joints and lower abdomen, difficulty in urinating, all are indication of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haaren Oil Capsules.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease. It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.

ECZEMA CAN BE CURED Free Proof To You

All I want is your name and address so I can send you a free trial treatment. I want you to try this treatment—that's all—just try it.

I've been in the Retail Drug Business for 30 years. I am a member of the Indiana State Board of Pharmacy and President of the Retail Druggists' Association. Nearly everyone in Fort Wayne knows me and knows about my successful treatment. Over eight thousand and seven hundred Men, Women and Children outside of Fort Wayne have, according to their own statements, been cured by this treatment since I first made this offer public.

If you have Eczema, Itch, Salt Rheum, Tetter, never mind how bad—my treatment has cured the worst cases I ever saw—give me a chance to prove my claim.

Send me your name and address on the coupon below and get the trial treatment I want to send you FREE. The wonders accomplished in your own case will be proof.

The reading room is open Monday, Wednesday and Saturday, except legal holidays, from 1:30 to 4:30 P. M. To each of these services and to the reading room the public is cordially invited.

SECOND U. P. CHURCH.

Move your clock forward one hour Saturday evening to conform to Daylight Saving time. At ten o'clock, new time, the pastor, Rev. Charles P. Prouditt, will preach on the topic, "Is Orange Union Taught in John 17?" Bible school follows sermon. Young People's meeting at 6 p. m. No evening preaching on account of the union service at the Presbyterian church at 7 p. m.

WEST END CHURCH.

Sabbath school at 2:30 p. m. Young People's meeting at 3:30 p. m. Preaching at 7 p. m. Turn your clock forward an hour Saturday evening and come by the new time.

MAPLE CORNER REFORMED.

A. R. Lynn, Pastor. Bible school 9:30 (new time), E. D. Stroup, Supt. Morning worship 10:30, sermon topic, "Food for the World," by pastor. Do not forget the Male Quartette that is to be with us on Wednesday evening, April 2. They are good and will give you an enjoyable evening. Everybody welcome.

HAWKER REFORMED CHURCH.

A. R. Lynn, Pastor. Bible school 1:30, S. A. Randall, Supt. Preaching service 2:30, sermon by pastor. A hearty welcome for everyone. Come.

CHICKEN SUPPER IS MUCH ENJOYED

A chicken supper was enjoyed by fifty members of Xenia Chapter, No. 36, R. A. M. in the lodge rooms Thursday night. The occasion was the conferring of degrees upon three candidates and a number of visitors were guests of the chapter.

Among the visitors were several prominent members of the Chillicothe Chapter, who were called upon to speak. Dr. Guntler, a prominent Chillicothe dentist, A. G. Morgan, master mechanic of the B. and O. Railroad, and also Master of the Chillicothe Lodge and Inspector, the Hon. Mr. Evans, a prominent Chillicothe attorney, all addressed the meeting.

Humor in the Classroom.

Ethel, who was ten years old, was studying her reader, and learned that fish are placed in brine before they are dried and prepared for sale. After explaining that brine is very salt water, the teacher asked why the fish were placed in it. Ethel's face was illuminated with sudden understanding, and she promptly replied: "Because they are used to salt water."

CAPT. KIMBER WAS READY TO DIE OF CONSUMPTION

Doctors Told Him So, but He Is Gaining Strength and Health—Tells How.

"My case of tuberculosis was an advanced one, of over five years' standing. Was in a tuberculosis hospital for over a year and returned home worse than when I went. I did not give up a good position in New York City and move up into the Catskill mountains on the advice of my physician.

"The doctors said I was ready to die a year ago. I was so weak I could hardly stand up.

"I began taking Milks Emulsion last October. I have now taken 18 large bottles and my gain in health and strength has been very steady. I am now able to walk to the village three miles and back, and chop a little wood every day.

"I used to fill a sputum box once a day and my cough was continual. Now I do not raise enough to fill a sputum box in a week. I do not cough any during the day, only when I get up in the morning.

"When I first began taking Milks Emulsion, and for some time after that, I couldn't take a deep breath without coughing. Now I can take in draughts of fresh air without any of the previous irritation. I had six hemorrhages prior to last October, but since taking Milks Emulsion I have not spit up a bit of blood. I have been practically free from temperature.

"I have been treated by thirteen different doctors and had spent all my money trying to find a cure. The doctors all told me that there was no medicine that could do this, so I was very skeptical about trying even the first bottle of Milks Emulsion. But I was persuaded to do so by a nurse who told me of two positive cures it had effected in her own family.

"Thank God, I tried it. I began to feel a beneficial effect only ten hours after I started taking it. I am continuing its use, feeling pretty sure it will effect a cure in my case, as I am steadily improving. The advanced stage of my disease had arrived before I heard of Milks Emulsion, this is making my recovery slower than if I had started taking it a few years sooner."

Capt. Frederick E. Kimber, Dunton Lodge, Cairo, N. Y.

Capt. Kimber wrote this letter August 1, 1918. His constant gain in strength and health through this wonderful food medicine has been duplicated in hundreds of other advanced cases. Under the maker's guarantee, ever sufferer is welcome to try it without risking a cent. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Sayre & Hemphill.

DON'T FORGET TO TURN YOUR CLOCK AHEAD SAT- URDAY NIGHT.

If you do not set your clocks ahead one hour on Saturday night, March 29th, and go to church on Sunday morning by the old time, you will miss the services for you will be an hour too late. We think this statement is correct, but this setting of the clocks ahead and back, spring and fall, is a most confusing and yet most admirable arrangement for "Daylight Saving," as it is intended, and is so called.

The father of the movement was an Englishman, William Willett, who in 1907 published a booklet on the "Waste of Daylight." In 1908 an effort was made in Parliament to carry out his theory of clock changing but it failed of passage on the ground of its being needless and confusing. But by 1916 the theory had so gained friends that twelve European countries, including England, had adopted the measure.

Practically no business confusion resulted, everything went on as before, people doing exactly the same things at the same hour o'clock, but in reality the whole routine of life had been brought one hour nearer sunrise. A simple "twist of the wrist" had given all these people one hour more of daylight for all the duties of life.

On March 16, 1918, the Congress of the United States passed the "Daylight Saving" act, under the terms of which standard time throughout the United States and Alaska is advanced one hour for the period in each year beginning at 2 o'clock, A. M. on the last Sunday in March and ending at 2 o'clock, A. M. on the last Sunday in October.

So you see it is law, and if you do not turn your clock ahead you will not be a law abiding citizen, whereas if you do you will be saving yourself trouble in many ways, including your making the train the next time you want to travel. What an infinite nuisance it was, at first, when people tried to keep two different times, sun time and standard time, and would announce a funeral to take place at such an hour sun time.

While we are in the world let us be of the world and keep up with the times, in daylight saving as well as everything else. The American friends of this daylight saving measure claim that the saving of coal alone amounts to forty million dollars per year, to say nothing of gas and electric light.

Of course no one wants to sit up to 2 o'clock Sunday morning to turn the clock ahead, and so we do the turning when we go to bed Saturday night and then forget about it Sunday morning. Some persons fearing to disarrange the clock's intestines use the simpler means of stopping the clock one hour, and thus get same result.

THE HOME COMFORTABLE

Every housewife should have a supply of alum on hand for there are so many ways it can be used in the home. A little alum in the water used for washing perspiring hands and feet will alleviate any unpleasantness. A pinch of alum in pickles will keep them hard and crisp.

It is splendid to keep out moths from rugs or carpets that are to be packed away or if they are used it is a good thing to use once in a while as those little pests will creep in spite of everything. To keep them out of carpets or rugs pour strong alum water on the floor a foot and a half from the edge before putting the carpet down and if rugs are used wipe the floor over with alum water not quite as strong as you would use for the plain wooden floors.

When using syrup either maple or corn syrup, before taking it out of the can set it on the stove or radiator and it will flow like milk, thus economizing in its use. A teaspoon of cinnamon added to turkey or chicken dressing gives it a richer and rather odd flavor.

When the tips of your shoe laces fall off dip the ends in paraffine and they will be just as good as new. When a tablecloth gets too old to be of any use cut it into squares, hem, and you will have nice dusts that can be washed and so kept clean.

A LEADING BRITISH OFFICER COMMENTS ON EUROPEAN CONDITIONS.

"Hungary's collapse is a warning that Europe will be thrown into a state of utter chaos unless some sort of a league of nations is established. I heartily agree with President Wilson on this point. The Italy-Jugo-Slav controversy is another example."

Major General Sir Frederick Barton Maurice in these words commented upon the latest news from overseas. The general, who from 1915 to 1918 was director of military operations on the British General Staff, is now in Washington City on a visit to this country.

"You Americans cannot possibly realize the tremendous nervous strain the war has involved in Europe," General Maurice continued. "Not alone in Hungary and in Italy, but in all Allied countries, especially in Great Britain and in France, the entire national life has been completely upset, with the result of great uneasiness and doubt as to the future. A league of nations, with America forming part, would act as a 'steadier' to the nerve of Europe. It would give it time to get its breath and get itself together."

"A league is essential to the stability of Europe. The principle must be put into practice in some form or other. The alternative would be that Europe simply would fall to pieces. Chaos, just that, and nothing else."

"The draft now being put forward is essentially a draft, capable of amendment. It is not essential that it should be completed and perfected simultaneously with the arrangement of peace preliminaries. But I regard it as absolutely essential that the principles embodied should be applied to the general terms to be imposed upon our enemies."

"A league of nations can only bring good. But the draft, it must be understood, was not intended for a hard and fast constitution to provide for all eventualities. It was the object of the British delegates that it should be an elastic bond."

To give one example of the many things that caused the nervousness and disruption of national life in Europe to which he referred, Sir Frederick said that Great Britain, with one-third of the population of the United States, had incurred sixteen times as much debt during the war. In the case of France the proportion is even higher. Both in England and in France, he added, there is not one family that has not lost at least one member in the war.

Extracting Salt From Ocean.
Experiments in Norway with a view to extracting salt from ocean water by means of electricity have been successful, and two salt factories will be started for this purpose in the near future. Each factory is calculated to produce 50,000 tons of salt a year for a start, but they will be so built that the production can be brought up to double the quantity, if necessary. Besides the salt, different by-products will be made.

Island Scene of Fierce Fighting.
The Isle of Wight, indeed, has had a checkered history as far as wars are concerned. Romans, Jutes, Saxons, Danes all descended upon it in their time, and from the fourteenth to the sixteenth centuries the islanders lived under the almost continuous threat of invasion by the French, who, in 1377, burnt Yarmouth, and so devastated Newport that it "lay uninhabited for two years."

THE PROMOTER'S WIFE

BY JANE PHELPS.

FREDERICKS ARGUES WITH NEIL
AS TO HIS BUSINESS METHODS.

CHAPTER XLVIII.

I did as I had planned. Neil only laughed at me for my pains. "Tonko hasn't touched it," he declared. "But you—you only opened that bottle last night. You haven't—you couldn't drink all that in one evening."

"Well I did! So stop fussing. You are getting to be a regular nagger. First it is meddling in my business, then it's what I drink. Can't you mind your own affairs, and let me mind mine?"

I saw that Neil was disturbed. He had not been drinking but he looked rather wild-eyed, and not at all like himself. I laid it to the amount he had drunk the night before, and tried to soothe him by saying I was afraid it would make him ill. But he paid no attention to my halfhearted apology for my faultfinding and asked me to hurry dinner.

"A couple of men are coming up here after dinner to talk business," he told me when I asked him if he was going out.

He ate scarcely anything, but drank several cups of strong coffee. He had also mixed himself a cocktail before dinner.

I was with little Robert when the men came, but as I left the nursery angry, "vehemently so," I thought to myself as I halted a moment. I had heard loud voices. They sounded not intended to listen, but just as I was about to go on to my own room, I heard one sentence very plainly:

"You'll be in jail yet, if you don't look out, Forbes!"

Neil in jail! What could they mean? I crept slowly and quietly nearer, until I was almost opposite the library door. Once I heard someone open the cellarette, and caught the clink of glasses. I could hear an occasional angry word, or a loudly-spoken one, but I could make nothing of such fragmentary bits. I must hear more!

That I was belittling myself by listening—that I might be caught and humiliated, never entered my mind. I simply had to hear what these men were saying. Tonko went in with chopped ice, and I heard Neil tell him they should not need him again. Then, just as the door closed, he said:

"Do you mean to tell me, Frederick, that you refuse to help me?"

So Mr. Frederick was one of the men, and he had refused to help Neil. In what? Was it someone else who, like Scott, wanted to get rid of what Neil told him they should not need again threatening Neil? I must know, I would know. I put out the lights, and crept to the library door. Now that Tonko was dismissed for the night, there was little danger of the servants seeing me. But if Neil or one of those men should open the door, discovery was certain. Yet I determined to risk it.

I crouched low, a little to one side of the door—the opposite side to which it opened. Yet I soon was able to distinguish the speaker, and to follow the conversation to a certain extent. They all spoke loudly, as if excited, sometimes angrily.

"I tell you, Forbes, they could jail you for things you have done. For God's sake, man, stop it! If you don't care for yourself or the people whom you are beggaring by selling them your worthless stocks, think of your wife and child—of the disgrace it will be to them if this comes out—as it surely will if you go on much longer. 540 per cent. men never get

PIMPY? WELL, DON'T BE!

People Notice It. Drive Them Off
with Dr. Edwards'
Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

TOO TIRED TO WORK?

If you get up in the morning tired, if you weary with little exertion and if you and your liver are lacking, depend upon it that your liver is torpid. One dose of Schenck's Maudsley Pills will "wake up" that lazy liver and make you feel like new. Schenck's Maudsley Pills are worth a trial tonight.

25c per box—uncoated or sugar coated
Dr. J. H. Schenck & Son, Philadelphia

away with their crooked deals—and to be frank, they are no worse than the deals you and Black here are putting over—selling mining stock where there are no mines, oil shares where no oil has been found, and taking money from widows and orphans as well as fool farmers and others."

"The world is full of suckers. If I don't get their money, someone else will." I knew by his answer that Neil was trying to justify himself.

"The someone else will get caught, then, just as you will be if you don't quit." It was Mr. Frederick's voice. Then the other man—the one they called Black—said something, but, try as I would, I could not catch it.

To Be Continued.

CEDARVILLE

Mrs. J. E. Mitchell, who was called to Washington, Iowa, some time ago, on account of the serious illness of her sister, Mrs. Communis, returned home Thursday. Her sister is somewhat better, but is still in a serious condition.

Miss Wilma Spencer has issued invitations for a shower for Mrs. Fred Townsend, Saturday afternoon.

Quite a number of Cedarville people are confined to their homes, suffering with severe colds. Mesdames Lucy McClellan, W. E. Liff and Mr. J. E. Hastings and Roger Stormont.

Mrs. Mary Bridgeman has been in Xenia this week helping to care for her little niece, Jane Finney, daughter of Mr. and Mrs. J. A. Finney, who has been sick for some time.

Dr. W. W. Liff left Wednesday night for Meadowdale, Pa., where he will spend a few days before going on to his home in Brookline, Mass.

Miss Lucile Correll, of London, was visiting friends here last week.

Mrs. Frank Hastings, of Xenia, was here Monday to attend the regular meeting of the W. M. Society of the U. P. church.

The W. M. Society of the R. P. church voted to give their thank offering this year to the Bible Class fund of Cedarville College.

The many Cedarville friends of Miss Julia Kendall will be sorry to know that she is seriously ill at her home in Xenia.

Mrs. Anna Kildow, who has spent the winter in Springfield, will return to her home here the first of April.

Mends Granite Ware.

The government suggests we economize on kitchen utensils. To mend a hole in granite ware, work a piece of putty until perfectly soft, then take a piece of the putty large enough to cover the hole and put one piece on either side of the metal, pressing together inside and out, smoothing down the edges. Place the vessel in a slow oven and bake until the putty is a deep brown. For containing water the vessel will be as good as new.

Take Mrs. Austin's Buckwheat for a sick breakfast. Three pound package twenty-five cents.

For a pain around the heart
after eating

TAKE PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart its a sharp or acute pain, sometimes a dull heavy pain leaving a soreness, its gas on the inside generated through gaseous foods or because of systematic inability to properly assimilate the food this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

PEPTON A

WILL HELP YOU

A cold that "hangs on" is a drain on physical well being.

Peptona, our best tonic, is ideal for helping to regain strength.

If you have trouble in recovering normal health after gripe, cold, bronchitis or similar disorder, take Peptona.

It will aid in enriching the blood, in assimilation of food and in building the general health.

FOR SALE ONLY BY

XENIA, OHIO

TWENTY YEARS AGO

Mr. J. E. Daly, the local crayon artist, whose pen drawings and pictures in crayon have attracted much attention, has just completed a picture of Sister Francesca, founder of the Sisters of St. Frances, from a photo. The picture will be presented to the Sisters of St. Elizabeth's Hospital.

Mr. Michael Bresnahan, the Little Miami fireman, is off duty on account of a severely sprained ankle.

Ed Rader was today given the contract for building a \$6,000 brick house for Seth Smith, near Selma.

Frank W. Walker is now able to be out after an illness of complications, covering eighteen months. He is now much better and hopes to be able to attend to business before long.

The Dayton and Eastern Traction Company of which Henry Pruden is promoter, was first to break ground toward building an electric line from here to Dayton, when he started tearing up Main street preparatory to laying ties this morning.

The work of further tearing up W. Main street by Henry Pruden of the Dayton and Eastern Electric Line Co., was stopped by an injunction last night. Charles Schmidt, a West Main street property holder, being the plaintiff. The street is now torn up from Detroit street to the C. H. and D. railroad. The electric railway fight continues of paramount interest.

The many friends of Mrs. Elmer Anderson, who underwent a severe surgical operation at McClellan & Finley hospital, will be glad to know she is now home and able to be around.

L. Grice & Son will open up soon in their "new home" on Green street, which has been thoroughly remodeled for their occupancy.

There will be a citizens meeting at the court house Thursday evening, to take measures to prevent the use of money at the primary next Monday, and to insure a fair election and fair count. Strike down corruption!

A good time to economize—Mrs. Austin's delicious Pancake Flour. Three pounds—twenty-five cents.

PERUNA

THE BEST MEDICINE
FOR COUGHS AND COLDS

Miss Ivy Gray, Fairview,
Kentucky, writes:

**I Ever
Saw**

"I have taken Peruna, and would say that it is the best medicine for coughs and colds I ever saw. I find that it always cures a cold in a short while. It also strengthens and builds up the system."

Miss Gray's letter breathes hope to the ailing. It is an inspiration to the sick and infirm.

Bijou

TO-NIGHT

Mary Pickford plays the part of a little girl on a lonely farm who is simply dying for a beau—the only fellow she ever saw that she liked was a "beautiful" brakeman who went by very fast.

Then a camp opens up near by, and the farm is literally swarming with beaux in no time. Mary thinks she is not pretty enough and takes a milk bath, and one of the officers happens to call at a very awkward moment—you know how it is on a farm—no proper arrangements and all that—still, see this great Artcraft picture for yourself.

PUBLIC SALE advertising in the Gazette and Republic, being the "crowds." In these days of automobile, the farmer has no time to stop along the road to read sale bills. He is coming to depend upon those papers to notify him of the sale dates and articles to be offered for sale. It's the buyer from a distance who sees your ad. in this paper, who jumps in to his auto and hustles to your sale. You pay what your stuff is worth. Your neighbor no longer can stand around and pick off what he needs at an absurd price, as he does when you have not properly advertised, and gotten a good crowd. Use the Gazette and Republic if you want the worth of everything you offer. Don't try to save on your advertising. 6-1, 4-1

PUBLIC SALE—April 2nd, at 11 o'clock at my home, 5 mile from the north end of West 2nd street, the Towle road—6 horses, six head of cattle, hogs, many farm implements, household goods, chickens, feed, etc. R. R. Grievie, Auct. J. E. Surr, clerks. N. C. P. C. BANKER. 5-31

PUBLIC SALE—April 2nd, at 12:00 o'clock, at my home on the Lower Bellbrook pike, at the corporate limits—one team, pony, cow and calf, Chevrolet roadster, farm implements, harness, gas engine, buffet and sewing machine. Mouk & Weikert, Aucts. T. C. Long, Clerk. E. H. HUNT. N. C. 5-31

PUBLIC SALE—Thursday, April 10, 1919. Personal property of the firm of Drake & Van Kirk, consisting of 12 head of excellent work horses, five log wagons, about 100,000 ft. oak lumber, consisting of fence posts and fencing timber. All kinds of building timber. Lot of select corn in crib, also oats and hay in barn. The real estate and saw mill will be sold at private sale. This sale is necessary in order to settle the estate of Lawson B. Drake, deceased. For particulars see large posters for itemized list. N. C. P. W. DRAKE. 5-31

CHERRIES ONLY
CROP DAMAGED THUS
FAR BY THE FROST

Cherries was the only fruit crop damaged by the frosts of Thursday night, according to M. A. Hagler, of the Stone road, one of the county's largest fruit growers.

Mr. Hagler says that in his opinion about one fourth of the crop has been killed.

Other fruits such as peaches, plums, apples, pears and the smaller fruits are unhurt, and prospect for the crop is very good. So far, cherries, peaches and plums are the only fruit buds far enough advanced to be damaged by freezing weather, Mrs. Hagler says.

Although all peach trees give promise of bearing heavily, the crop will not be large, as so many of the trees were killed by the severe weather of the winter before last. The trees set out to replace those that were killed are not old enough to bear fruit.

Chalk Substitute for Cement.
Ordinary chalk, treated by a new European process, becomes a cheap substitute for cement, strong enough for house-building use. It sets in water and resists the action of moisture. —Popular Mechanics Magazine.

MORE RED BLOOD AND STEADIER
NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime. Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves. People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered direct through druggists, and is not at all expensive. Sayre & Hemphill and all other druggists in this city and vicinity have a supply on hand—sell many packages.

Look closer at the clothes than you do at the price. See what we furnish

at \$40 and \$45 up

ABOUT SEVENTY PERSONS ENJOY QUOIT CLUB BANQUET

About seventy people were banqueted by the Xenia Quoit Club at 6:30 o'clock Friday evening when the organization entertained at the Second United Presbyterian Church.

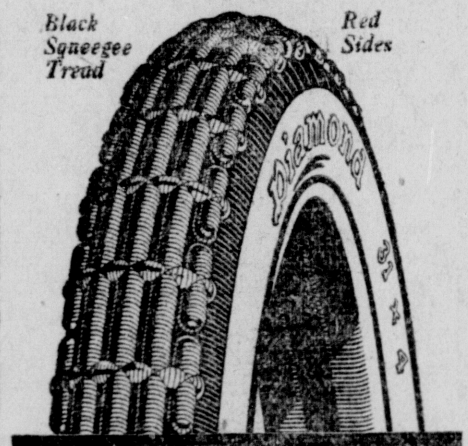

The dining hall in the basement where the banquet was served was decorated in the Easter colors, yellow and white and the colors were used in the table decorations. The tables were laid in the form of a hollow square and were decked with yellow jonquils. The place cards were little imitation quilts for the men and little Easter bonnets for the ladies. A delicious three course banquet was served, the colors being carried out in the ice cream and the candies served.

Following the banquet there were a number of after-dinner speeches by Dr. J. H. Webster acting as toastmaster. Erskine Winters, lately returned from overseas, gave an interesting account of his travels and experiences. Others who followed him on the program were Dr. Jesse Johnson, C. W. Whitmer, Rev. D. D. Dodds, Rev. Proudfit, Mrs. Jesse Johnson and Mrs. H. L. Sayre. Prof. F. M. Reynolds wound up the program, by presenting C. P. Dowling, who donates his grounds for the use of the club, with a beautiful umbrella on behalf of the organization.

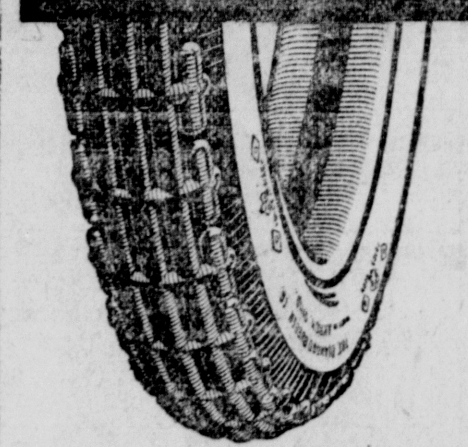

Rev. G. S. Macauley, who was on the speaking program was unable to attend at the last minute.

All captains and their groups are expected to be out, and on time. 7:30 P. M., worship and sermon. All services spiritual.

SUFFERED FOR EIGHT YEARS

Rheumatic pains, lame back, sore muscles and stiff joints often are due to overworked, weak or disordered kidneys. Daisy Bell, R. F. D. 3, Box 234, Savannah, Ga., writes: "I suffered eight years with pain in the back and could not do any of my work, but since taking Foley Kidney Pills, I can do all of my work." Sayre & Hemphill.

SPRING MEDICINE

Hood's Sarsaparilla is Needed Now As Never Before—

Because, although the war is over its work, worry and excitement have undermined your reserve strength.

Because the coughs, colds, grip and maybe severer illness, have broken down your power of resistance.

Because winter's work and close confinement have worn-out your stomach and exhausted your blood.

Can you afford the good long rest the doctor advises?

If not take a course of the famous old medicine—the one that mother used to take—Hood's Sarsaparilla. It's the finest extract of Nature's purifying, vitalizing and strength-making roots, herbs, barks and berries, such as physicians prescribe, prepared by skilful pharmacists, in condensed and economical form.

If you want the best Spring medicine you'll surely get Hood's Sarsaparilla. Hood's Pills help the liver. adv

LIEUT. C. H. DENSER ARRIVES IN AMERICA

Lieutenant Clarence H. Denser, M. C., arrived in New York Friday on the transport St. Louis, according to a telegram which was received Saturday morning by Mrs. Denser, who has been with her parents, Mr. and Mrs. William Mider, of Chestnut street, while her husband has been in the service. He is now at Camp Mills, and expects his discharge shortly.

He is attached to the medical department of the One Hundred and Forty-eighth Infantry, a part of the Thirty-seventh Division, and was overseas since last June. He saw active service on several fronts. The One Hundred and Forty-seventh is one of the units which is expected to parade in Dayton and Columbus before going to Camp Sherman for discharge.

MAX ZELLAR RETURNS TO HIS PRE-WAR WORK

Max Zellar, of the county surveyor's office, is returning to his pre-war connection with the State Highway

Department, and will leave Xenia Saturday afternoon for Columbus, to receive his assignment to some county in the state.

Mr. Zellar worked for the State Highway Department in Greene county before his enlistment in the aviation corps. After his discharge he was employed on special work for Greene county, and has been here for several months.
